GitHub:github.com/itsharshit7216 Mobile: +91 9548125472

## Skills

- **Programming:** Java, Python
- **Core:** DSA, OOP, DBMS
- **Machine Learning:** NLP, Scikit-learn, TensorFlow
- **Development:** HTML, CSS, Tailwind, Node.js
- **Tools:** Git, GitHub, MySQL

## Projects

**WhatsApp Chat Analysis - Chat Data Analytics : (GitHub)** July 2025

- Developed a data analysis application to analyse WhatsApp chat data and extract insights such as most active users, message frequency, and common words.
- Implemented data preprocessing techniques to clean and structure raw chat data for analysis.
- Created data visualizations including timelines, activity graphs, and word frequency charts to represent communication patterns.
- Designed the project to help users understand messaging behaviour, peak activity times, and interaction trends.

**Code Explainer - Automated Code Explainer : (GitHub)** May 2025

- Developed an automated Code Interpretation System that converts source code into structured, human-readable explanations.
- Implemented code parsing and syntax analysis to identify logic flow, loops, conditions, and functions.
- Designed a logic summarization module to simplify complex code into understandable steps for beginners.
- Integrated user input interface to allow real-time code explanation and analysis.
- Demonstrates concepts of automation, program analysis, text processing, and developer productivity tools.

## Training

**Cipher Schools – Data Structures and Algorithms with Java** June – July 2025

- Strengthened algorithmic problem-solving skills by implementing core data structures including arrays, linked lists, stacks, queues, trees, heaps, graphs, and hash maps.
- Applied key algorithmic techniques such as recursion, greedy algorithms, backtracking, and dynamic programming to solve real-world and competitive programming challenges.
- Analysed and optimized solutions using detailed time and space complexity evaluation, improving performance and efficiency across multiple coding tasks.

## Certificates

Data Structures and Algorithms using Java Programming | Cipher_School June - July 2025
Cloud Computing | NPTEL January - April 2025

## Education

**Lovely Professional University** Phagwara, Punjab
Bachelor of Technology Computer Science and Engineering Since 2023-2027

**Colonel's Brightland Public School** Agra, Uttar Pradesh
Intermediate, percentage: 80% 2021-2022

**Colonel's Brightland Public School** Agra, Uttar Pradesh
Matriculation, percentage: 82% 2019-2020
